Your e-mail or sign up will serve as your RSVP We need plenty of drivers and have a minimum requirement of 25 participants. We need plenty of drivers and since we'll be camping inside (think flushable toilets and a warm climate) this is a perfect opportunity for those of you who do not like to 'rough it' in normal tent camping.
- Meals:** See Cost above. Breakfast is included in the fee. Scouts must bring money for 2 meals & snacks
- Bring:** Cold weather gear! We will be sleeping inside where you'll only need a day pack, sleeping pad and light sleeping bag, however during the day on Sunday we will be outside for several hours touring the zoo. Omaha's average high temperature in December is low so bring plenty of hats, gloves, and warm coats for our night hikes and Sunday tour.
